ANKUR GUPTA

SENIOR SOFTWARE ENGINEER | RUBY ON RAILS | GOLANG | REACTJS

CAREER OBJECTIVE

I'm a full stack engineer skilled in Ruby on Rails, Golang, and ReactJS, with experience in both front-end and back-end development. I focus on creating scalable, efficient solutions and enjoy solving complex problems. My goal is to deliver high-quality software while continuously learning and contributing to successful projects.

EXPERIENCE

PATTERN | SENIOR SOFTWARE ENGINEER

May 2026 – Present

Key Contributions:

- My role is to contribute to Ruby on Rails, Golang and Python applications and give reviews and take ownership.
- I utilized my expertise of **• Golang • Ruby on Rails • Python • ReactJS • JavaScript • TypeScript • GraphQL • Postgres • MySQL • GCP • Docker • Kubernetes.**

TELUS DIGITAL | APPLICATION DEVELOPMENT MODULE LEAD

Oct 2025 – May 2026

Key Contributions:

- Led the maintenance and development of Ruby on Rails applications by resolving critical security and production issues, implementing key features, defining technical requirements, and guiding architectural decisions to ensure stability, compliance, and timely project delivery.
- For all the above contributions I utilized my expertise of **Leadership Skills • Golang • Ruby on Rails • ReactJS • JavaScript • TypeScript • GraphQL• Postgres • MySQL • GCP • Docker • Kubernetes.**

TICKETMASTER INDIA | SENIOR FULL STACK ENGINEER

Oct 2022 – Oct 2025

Key Contributions:

- Expertise in maintaining clean, well-organized codebases with comprehensive test coverage.

Lucknow, UP, India

EDUCATION

- M.Tech in Computer Science and Engineering
- B.Tech in Computer Science and Engineering

TECHNICAL SKILLS

- Ruby on Rails. Golang, Python
- ReactJS, NextJS, TypeScript
- Coffee, Halm, EmberJS
- RESTful and GraphQl APIs
- MongoDB, Postgres, MySQL
- Docker, Kubernetes, Git
- Redis, Grafana
- JIRA, Asana, ClickUp
- OAuth 2.0, OpenID Connect
- AWS, Google Cloud Platform
- Heroku, Jenkins, Netlify
- Familiar with Java & Golang

LICENSES & CERTIFICATES

- Practical Leadership Skills
- Leading and Working in Teams
- Time Management
- PCI DSS compliance
- Learning Kubernetes
- AWS: Cloud Practitioner Essentials, Well Architected, IAM Management, Auto Scaling, Organizations, Role
- Building a GraphQL Project with ReactJS
- Go Complete Guide

- Successfully managed payment collection projects, ensuring timely delivery while optimizing system performance.
- Contributed to a major release by migrating from legacy Source API to Payment Intent API of Stripe for 3DS requirements for Europe Region.
- Implemented the feature called Bulk Edit from scratch to allow event hosts to modify multiple events configurations in one go.
- Implemented the major improvement for discount code configuration to allow host to configure the discount codes for specific dates, time ranges and selected days.
- For all the above contributions I utilized my expertise of **Ruby on Rails • React.JS • JavaScript • TypeScript • GraphQL• MongoDB • Postgres • MySQL • GCP • Docker • Kubernetes.**

HAPTIQ(WEBONISE) | SENIOR SOFTWARE DEVELOPER

May 2021 – Oct 2022

Key Contributions:

- Led multiple frontend and backend projects, overseeing release management and collaborating with DevOps and QA teams to ensure timely delivery.
- Upgraded Rails versions from 4 to 5 and then to 6, implementing best practices for security using Brakeman and Robocop.
- Integrated OAuth 2.0 and OpenID Connect for enhanced authentication to support SSO for multiple applications.
- Implemented the major improvement of currency exchange and time zone handling for a project feature related to generating the payrolls of employees of a given organization.
- For all the above contributions I utilized my expertise of **Ruby on Rails • ReactJS • JavaScript • TypeScript • REST APIs • MongoDB • Postgres • MySQL • AWS • Jenkins • Heroku • Netlify • Docker.**

AKARUILABS INDIA | SOFTWARE ENGINEER

Mar 2019 – May 2021

Key Contributions:

- Developed deep expertise in Ruby on Rails and ReactJS, independently managing projects and collaborating directly with clients.
- Conducted unit and user acceptance testing to ensure high-quality deliverables.
- Implemented the features of crypto token exchange from scratch.
- For a project related to music games, I made multiple improvements and fixed the major production bugs.
- For all the above contributions I utilized my expertise of **Ruby on Rails • ReactJS • JavaScript • REST APIs • MongoDB • Postgres • Heroku.**

- Ruby on Rails 7.0 Essentials Training

ACHIEVEMENTS

- Performance recognition certificate at Ticketmaster
- Qualified GATE CSE 2019
